TOO MANY WOMEN TEACHERS SPOIL THE BOYS, HE SAYS.

Dean Hall of Northwestern Pleads For
Broader Mindedness.

Chicago, April 7.—"It is wrong to bring up a boy under an influence that is solely feminine. There are not enough men teachers in the higher grades of our schools. All of the principals at least should be men, and they ought to lead the boys in their games on the school playground."

This was the statement of Dr. Winfield S. Hall, dean of students in Northwestern university medical school, before the Young Men's Christian association.

"Men and women must become broader minded. Fathers and mothers should make the children their playmates. If this was done vice and crime would soon die out. That talk about it being necessary for a young man to sow his wild oats is all wrong. The harvest of that is the same in character as the kind of oats he sows."

ONE CERTAINTY.

Some Barre People Fully Realize It Now.

When the back aches from kidney ills, when urinary troubles annoy you, there's a certain way to find relief. A sure way to be cured.

Dean's Kidney Pills will do it.

Barre people endorse this claim. Mrs. Lewis Marrott, of 24 Maple avenue, Barre, Vt., says: "Three years ago Mr. Marrott gave a statement in which he told what a world of good Dean's Kidney Pills had done him. He had suffered for over two years with a heavy dull pain in his back and through his hips. His back was weak and sometimes he would have sharp, shooting pains across his loins. There was also trouble with the kidney secretions which were unnatural and full of sediment. He learned of Dean's Kidney Pills and procuring a box, he began using them. He soon noticed relief, the pain soon left his back and the kidney secretions became natural. He uses them whenever he feels any slight return of the trouble and they never fail to give prompt relief. His advice to anyone suffering from backache or kidney trouble is to procure Dean's Kidney Pills at E. A. Drown's drug store and give them a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Dean's—and take no other.

1,300 MILES IN 7½ DAYS BY TROLLEY.

Elliott Flower Makes a Trip from Chicago to New York City.

New York, April 7.—From Chicago to New York by trolley car in seven and one-half days is the record established by Elliott Flower of Chicago, who arrived here after traveling 1,300 miles by trolley, local and interurban trolley service.

Mr. Flower's object was to discover the extent and value of the enormous development of the trolley system throughout the country. While satisfied with the result of the experiment, Mr. Flower is firm in his resolution to return to his home on a fast train.

"I left Chicago early Sunday morning, a week ago," said Mr. Flower, "and arrived at Indianapolis the same day. It was necessary to bridge the gap from Kankakee to Lafayette by train, but from there to Buffalo I used trolleys exclusively. There was a break at Hudson, N. Y., where I was forced to take a train to Tarrytown."

SENTENCED FOR BURGLARY.

Connecticut Man Who Robbed South Wallingford Depot.

Rutland, April 7.—Joseph Toutan of Winsted, Conn., who robbed the South Wallingford depot Sunday night, pleaded guilty in Rutland county court yesterday afternoon to burglary as result of an information filed against him by State's Attorney R. A. Lawrence and was sentenced by Judge Taylor to serve not less than one nor more than two years at state prison, Windsor.

The robbery was committed some time Sunday and it was discovered about 6 o'clock that evening. Railroad Police-man John W. Brislin of this city was notified and he telephoned Deputy Sheriff A. A. Leonard of Wallingford that the man was heading for that town, probably walking along the railroad track. Leonard had no difficulty in getting his man and he found on his person some railroad tickets, a suit case and some other things he had stolen from the depot.

C. B. Webster of Castleton, whose trial by jury on the charge of selling liquor contrary to the terms of his license, was begun in Rutland county court Saturday at 3:15 o'clock yesterday afternoon decided to plead guilty and the jury was discharged. State's Attorney Robert A. Lawrence's specification was amended so that Mr. Webster could plead guilty to selling liquor illegally on one instance, to John O'Neill of Castleton in February, 1907. This was sold by the bottle.
